

Kim R. Galbraith

As the new kid on the block, I am very happy and excited to work with the management, staff and the other board of trustee members of the Cottonwood Improvement District (CID). Elected in November 2017, I am anxious to learn what I don't know and apply the knowledge I have to help guide the workings of an already well-operating CID over the length of my service. It is my expectation that the ideas I bring when combined with those of my fellow board members and our professionally astute management and staff will bring excellent results and continued improvements to the District.

I grew up in such diverse places as northern Idaho, Montana, Philadelphia, Washington, D.C. suburbs, Albuquerque and graduated high school in Ogden, Utah. I earned my B.A. degree and an MBA from Brigham Young University and have been involved in the investment and banking services area for the past 39 years and counting! I have lived in the District for the past 30 years where my wife and I have raised our three children.

I appreciate the trust that you have placed in me through the election process and look forward to hearing from you of your concerns, questions and any other matters that the Board of Trustees addresses.
