

## DANIEL R. KOOYMAN, PE

- Elected 1994-1997 to the Board of Trustees of the Cottonwood Improvement District and served two years as its Director 1995-97. Employment outside the US prevented longer service
- Registered Professional Engineer, Professional Project Manager, Certified Plant Engineer
- Master's Degree in Engineering Administration  
University of Utah, Salt Lake City, Utah
- Bachelor of Science Degree ♦ Major in Electrical Engineering  
University of Utah, Salt Lake City, Utah

I am running for the Trustee of the Cottonwood Improvement District because I see the price we are being asked to pay for services continue to increase with no change in service. I don't feel that the current Trustees' are controlling cost but acting with the "business as usual" mode. I am a skilled professional engineer, excellent communicator and has an excellent understanding of executing construction contracts and procedures.

While serving as Vice President Europe, Pacer International, I had complete profit and loss responsibilities for their European Division. I successfully developed site proposals in many cities throughout Western Europe by developing policies and procedures with initial site surveys and project development details. I maintained construction schedules to be on time and at budget as well as ensuring quality and compliance with contracts.
